## Location

Situated towards the south western periphery of the City of London, approximately midway between Blackfriars Station and St Pauls Cathedral. City Thameslink is also within easy reach.

The property benefits from its close proximity to Blackfriars Station and the resulting pedestrian flow. Burgon Street is an attractive and historic thoroughfare joining the established restaurant pitch of Carter Lane to Ireland Yard. Other amenities including café's, bars, shops, offices etc are within a short walk.

## The Property

The premises comprise ground floor and basement of a two storey mid terraced property of brick construction with offices to the upper floors. It was formerly used as a restaurant and is in the process of being cleared to provide a shell and core unit.

The ground floor benefits from painted brick exteriors with 2 large windows fronting a pedestrianised street. It has generous ceiling heights though has a timber floor with a limited floor loading which may impact some potential fitness operators. It is open plan and suitable for a number of uses. I am advised the gross internal floor area of the ground floor is approx. 1,500 sq ft (139m<sup>2</sup>)

The lower ground floor is similarly relatively open planned, flexible accommodation. There is no natural light. I am advised the gross internal floor area is approx. 1,080 sq ft (100 m<sup>2</sup>)

***I am advised the total gross internal floor area approx. 2,580 sq ft (239m<sup>2</sup>)***

## Planning

I am advised the unit currently has A3 use, however is deemed suitable for a number of D1 and D2 uses including health/fitness, medical, educational, specialist uses etc, subject to planning. I am advised any offers subject to a change of use to D1/D2 to be given favourable consideration.
